Subject: A question on providing input to the San Mateo General Plan

Hi Kathy,

I am part of San Mateo County's Food System Alliance Policy Committee. We are working to provide input to the city General Plans up for review this year, which I understand are San Mateo and South San Francisco. In the past we have provided much appreciated input to Burlingame and Half Moon Bay.

I was wondering who is the staff contact for this process? Is it you or ??

I am not the point person on FSA Policy, but Peter Ruddock is. I am cc:ing him and also making an introduction.

Hoping you are well and sending best wishes for the new year.

Best,

Nickie

P.S. Did you hear about our beekeeping success in your hometown of Burlingame?! They rescinded their regulations in December.
