I understand that both options take time and there are no guarantees to the outcome but this is called the 2040 general plan. What I'm trying to pin down, is 2040 the start date or finish date. Is the city going to start implementing changes that were ok'd in the general plan before 2040. I can go through the general plan process and say have a 5 year game plan but not 20.

Thank you
