**Subject:** Sierra Club - General Plan Update - Study Areas

Dear Chair Whitaker and Members of the Planning Commission,

The Sustainable Land Use Committee of the Loma Prieta Chapter of the Sierra Club advocates on land use issues like the General Plan (GP). We understand that you will be addressing possible study areas of the GP at your July 23, 2019 meeting. We are pleased to provide comments on proposed Study areas.

Please see the attached letter - we hope that our input is helpful for this important milestone, updating the General Plan.

Respectfully,

--

Gita Dev, Co-Chair  
Sustainable Land Use Committee  
Sierra Club Loma Prieta
