Subject: question about 7/23 planning commission meeting

Hi Julia,

I really want to come to the meeting to echo what the majority of residents involved in compiling your report have stated- that we need to build more affordable housing near transit. However, I have a volunteer commitment until 8:00 nearby. Will the meeting still be going after 8? I'm sure it will be too late for public comment, but I look forward to hearing more about the plans.

Many Thanks,

Susanna Schick
