Subject: City Zoning plan

Dear Mayor Papenhouse,

We are asking you to support the "study map" developed as part of the San Mateo General Plan 2040 process (which maintains single family house zoning in San Mateo) and vote down the new alternative study map being presented tomorrow.

The meeting tomorrow evening will highlight community concerns. I look forward to you hearing from your constituents & ultimately voting to maintain the neighborhood as it was intended.

Residents of Bayood since 1985,

Stephen & Diana Baker
