Hi Julia a while back you were helping us with changing the zoning on our street. I understand that the area around the Hayward park train station has been picked for additional study. Mark Hudak submitted letters from the owners on our side of Leslie stating our case. Could you please forward the letters to the appropriate people handling the review. I would also like the opportunity to speak at an upcoming meeting to get my request on record as well. If there is such a upcoming meeting please let me know. I'm sure your very busy with all of this but any help is much appreciated. Thank you.
Alexander "Louie" Carignan
