Subject: San Mateo GP Subcommittee Meeting #4: Meeting Materials

Someday someone will have to explain to me how a letter I drafted for the January 22 Council meeting about the Vision and related GPU issues failed to be presented by staff at the very hearing for which it was drafted, then how it was not offered up for the February 27 Subcommittee hearing on the Vision statement. Not letter could be more on point!

The issue of who and how one decides what to include deserves serious discussion.
