Subject: Presentations of slides at tonight's Subcommittee

We have two presenters whose information best would be presented to the public by showing slides (PowerPoint). Of course, we could give handouts to the members for the discussion, but that would leave the public largely in the dark.

How best to bring material to show to the room? I am assuming that your presentation will be so displayed, how can we access your equipment?

Please "reply to all". Josh is handling logistics for us.

Thanks in advance for your prompt reply.

P.S. It looks like Ron is joining Friday AM. Who else is attending from the City?
