Subject: General Plan Considerations: No Housing, No Approval "Takes Courage" - Daily Post Article

Dear Subcommittee -

An important aspect of our General Plan includes BALANCE. The choices of each city creates a ripple effect, over and above impacts within its own boundaries. So, we must ask ourselves, "How do we achieve better balance to ensure the Bay Area retains the qualities which make us want to live here?" I am sharing a great article reflecting upon this as it is examined just south of us.
