Thank you Barbara for your letter. I am copying our City Clerk to ensure that it is made a part of the record on this matter.

With best regards,
Diane Papan

Subject: Build Multiplexes in Our Single Family Home Neighborhoods

Dear City Council members,

As you witness, San Mateo is building and building and building. I drove by 19th and Delaware Avenue today and the massive apartments are absolutely daunting. From what I understand, the council still continues to approve more development. It is really mind boggling. how we can continue this course without destroying this city. Where is the infrastructure to support all this? The negative impacts of traffic and congestion are totally ignored. My neighbors and I have expressed our concerns over and over but no heed to our voice.

And now upzoning to the residential areas are being considered? When is it going to slow down? When are the residents' concerns going to be heard?

Please hold off on any more developments and to any upzoning consideration.

Thank you.

barbara
