Thank you for your communication.

I am copying our City Clerk to ensure that it is made a part of the record on this matter.

With best regards,

Diane Papan

**Subject:** Housing Meeting Mon 8/19

We participated in the Public Meetings General Plan study groups, listened to information and considered alternatives to give input.

Please support the Study Map developed by the community in the General Plan 2040 process, and vote no on the alternative plan being submitted Monday 8/19.

The alternative plan was not part of the community process (or if parts were, they were not accepted by the community) It is unacceptable to reject the public process that so many residents participated in.

Please vote no on the alternative new plan being presented, and support the study map submitted as part of the San Mateo General Plan 2040 process.

I have also heard that outsiders have dominated other group meetings. Please consider allowing San Mateo residents to speak first.

Thank you all for serving, we appreciate your time and efforts.
