---

Thank you for your communication.

I am copying our City Clerk to ensure that it is made a part of the record on this matter.

With best regards,

Diane Papan

**Subject:** Aug. 19 Council Meeting

Dear Mayor Papan-- We are Baywood residents and are writing you to urge your support of the study map developed as part of the San Mateo General Plan 2040. We also urge you to reject the new alternative study map being presented to the council on August 19. It's important to maintain the historical charm of our lovely neighborhood.

Redwood City has become ugly with the multitude of high-rise apartment and office buildings, and we don't want the same to happen to San Mateo's lovely residential areas. Perhaps high-rise buildings are okay on the east side of 101 but are not appropriate in the Baywood area.

Best regards,

Alan & Shirley Melnicoe
