Thank you for your communication.

I am copying our City Clerk to ensure that it is made a part of the record on this matter.

With best regards,

Diane Papan

Subject: Development

Dear city council members,

I do not want to see single family neighborhoods lost or affected by high density development. There can be development in areas zoned other than single family. People who bought and spent their lives paying for their homes in single family neighborhoods deserve to have security in preserving their investment.

We have lived here for over 40 years and have invested a great deal in forming a strong neighborhood. We all know and take care of each other. This is what makes a strong city- people who are connected and who care.

The future of the city needs a strong base as well as new blood. We need to preserve the old and make way for the new in an appropriate manor.

Thank you for your consideration in this issue.

Jeanne Schwartz
