Subject: San Mateo General Plan 2040 Study Map support

City Council Members,

Please support the "study map" developed as part of the San Mateo General Plan 2040 process (which maintains single family house zoning in San Mateo) and vote down the new alternative study map being presented tomorrow which could result in R1 single family house zoning being eliminated in San Mateo, including Baywood. We don't need to ruin the character of our beautiful, decades old single family neighborhoods with mixed use housing. Please put that type of housing in places like the Bay Meadows race track site.

Thanks,

Steve Weiss
