Subject: support the study map

Mayor Papan,

I urge you and the Councilmembers to support the study map for San Mateo. As a Baywood resident I support single homes in the area. I work in San Mateo and everywhere I look there are huge building going up to address housing. At work off of Amphlett and Concord we will soon be heavily impacted by the very large apartment complex along with office buildings that will clog getting on and off 92 and Delaware.

I urge you to continue single family house zoning in San Mateo. I moved her after 30 years in Hillsborough. I love my community. Many people are looking for that experience, we need to protect those areas that have been developed and valued for many years.
