Honorable Mayor Papan, Councilmembers Bonilla, Rodriguez, Goethals, and Freschet:

Please see the attached letter providing the Home Association of North Central San Mateo's position on what should and should not be studied within and around the North Central neighborhood under the current configuration of study areas that were approved by the city council for San Mateo's General Plan Update.

Thank you for your thoughtful consideration of this important next step in the General Plan Update process.

Respectfully,

Adam Nugent
President, Home Association of North Central San Mateo
