

Hi Karen,

Just following up. Here's the direct link to the video: <https://www.youtube.com/watch?v=nBOJ8ObUFFI&t=1s>

We're also working on finalizing the online engagement tool and will go-live with that hopefully next week.

Let me know if you have further questions.

Thanks,
Julia

Hi Karen,

Thanks for stopping by the General Plan booth at CSM farmer's market and also for participating at the Nov. 16th community workshop. It was good to see familiar faces as well as new ones.

Regarding the video, the video will be up next week. And we are also hoping to get the online engagement tool up and running soon after the Thanksgiving holiday, either next week or the week after. We'll send out an email once they are available on the StriveSanMateo.org webpage. If you've already signed up for email updates, you should receive email(s) in the coming weeks. If you do not receive any emails, please let me know.

The online engagement tool is another way for community members to provide feedback. If you know anyone who missed the Nov. 16th workshop, please encourage them to share their input using the engagement tool or email generalplan@cityofsanmateo.org. Through the upcoming holiday season, we will be collecting community input either through the online engagement tool, through letters/emails, popup events, etc. City staff and consultant team will analyze all the input provided and schedule the next workshop to share information and gather feedback. We do not have any tentative workshop dates at this time.

Let me know if you have any questions about the above.

Thanks and have a wonderful Thanksgiving holiday!
Julia

Subject: video and survey from GP 11/16 meeting

Hello Julia,

I had to leave the GP workshop a little early on the 16th (plus the meeting was running a little late). I have been interested in watching the video that was made that day to see what i missed. I am not finding it on the web site. Is it there?

Also, Kohar said, when I was checking in, that there would be an online survey to capture any ideas that were not developed during the workshop (and I guess for those who could not attend). I am not finding that, either. Is there one posted on the GP website?

Also, will there be another workshop on this same topic (the designated study areas)?

Thanks for your help.
