Subject: New message on Strive San Mateo

Name: Liz De Winter

Email: [REDACTED]

Message: All plans for San Mateo should incorporate a solution to the extraordinarily loud train noise in the downtown area. If we are going to have a great quality of life for all residents, including those who live closest to downtown, we must come up with a plan that allows for fewer and quieter train horns sounding. Perhaps this could be paid for in part by infrastructure grants through the federal and state governments, as well as those who develop buildings in San Mateo.
