Message: Hello,
I've lived and worked in San Mateo for the past 6 years and I really love it here. We have 2 young kids and we really enjoy San Mateo Central Park and before Covid we also dined out in the downtown area.

Are there any plans to permanently convert a few of the driving streets to pedestrian walkways? We noticed B Street (I think) was blocked off to vehicle traffic the last time we were down there and I think it's fantastic. One of the reasons we also love Burlingame is because of their roomy and beautifully paved sidewalks. The wide walkways are very family friendly and encourage those with young families to visit. Redwood City downtown also has wide pedestrian walkways. Downtown San Mateo could benefit from something like this.

Thanks!
Conny
