Subject: New message on Strive San Mateo

Name: Laurence Kinsella

Email: [REDACTED]

Message: B Street in the Hayward Park area is NOT made for bike lanes.

B St., from 16th Ave. to 10th Ave., is structurally a very, narrow street with parking space at a premium 24/7, more similar to North Central than the surrounding streets like Palm (which parallels B and has already has an underutilized, permanent bike lane already).

With the added impact of new high density developments, in areas both to the North and South of this section of B Street and the subsequent, inevitable additional traffic on B St. that those developments will entail, building a permanent bike lane in this section would be poor planning.

Thank you.
