Subject: RE: where are the definitions of the key phrases used in plan survey?

Hi Cynthia,

Thank you for participating in our online survey activity. The terminology used is defined further in our Place Types Menu, available online here: http://strivesanmateo.org/wp-content/uploads/2020/03/11x17_Place_Type_Menu_03-01-2020-1.pdf.

A link is also included within the survey underneath each land use and alternatives legend. Please let me know if you have additional questions after reviewing the Place Types Menu.

Lastly, we have one more Draft Alternative workshop scheduled this coming Tuesday, May 18th starting at 6:00 pm. Please [register online here](#). This is a repeat of the April 15th and April 17th workshops, where the project team describes the Place Types and individual study areas in more detail. All workshops are recorded and posted on the [Strive San Mateo past meetings webpage](#) if you are unable to attend.

Thank you.

-Linda

Subject: where are the definitions of the key phrases used in plan survey?

I would very much like to participate in your online survey regarding the 3 current alternative plans being considered.

However, after cruising all over your snazzy website, I was unable to find where you actually define the terms being used including "mixed use," "high" vs. "medium" vs. "low," and "commercial regional."

I can make guesses on the meanings, but I would think you'd want survey respondents to have a consistent understanding of the meanings of these key terms.

I look forward to hearing from you where to find your glossary. If you do not have one, I urge you to create one and to keep adding terms as needed.

Citizens will have a challenging time providing effective input if we don't understand your jargon.

Thank you, CRR
