To all of those who have decided without regard to taxpaying citizens like us who have lived here for over 25 years (probably longer than you have). Most likely we've paid more taxes than you have as well. Somehow you are plunging ahead with little care for all of your constituents. When we bought our home 27 years ago we planned to live here and park our cars in front of our house. As senior citizens we had no idea that a few planners would disregard us and single the few of us that own single family homes on 5th avenue. Why are you prejudiced against us?

Do we have to sue you to prevent abuse? To inconvenience our kids and grandkids is entirely unfair. Put your bike lanes on wider streets or closed to traffic other than parked cars. Stop abusing senior citizen single family home owners.

Are you people up for election soon or are you even elected officials? This is sinful and abusive. Have the Nazis taken over San Mateo?
