Hello

I'm writing to express my concerns about scenarios that call for massive acceleration of growth of an already stretched city and community.

Given that the US census indicates that our city had a 12% growth in the last 20 years - and we have been unable to keep up with the growth as shown by wide spread concern by neighborhoods about the lack of traffic remediation and other indicators - the least bad of the alternatives offered is the 30% growth of alternative A.

Thank you and best regards

Evan
