WITH RE THE CITY PLAN.....OPTION A OPTION A OPTION A

COME ON FOLKS....50% GROWTH REALLY???? WE DONT HAVE THE
INFRASTRUCTURE TO SUPPORT THIS

WATER? WHERE IS THAT COMING FROM? with the massive growth of over 30% options the quality of life in San Mateo will not be what it is or has been. You want no one driving but instead of improving public transportation you make bad decisions on already filled roads and no parking. How often does a public bus visit north Shoreview that can actually take me to places I need to be for my personal growth I need to be at the Masonic Temple downtown at 8:30, I have not seen a way to get there on time and then across town To South Claremont in twenty minutes - I cannot walk it now and with all the construction you already have planned and underconstruction it is going to most difficult for the next 2-3 years.

Down grade your silly hopes and let San Mateo be San Mateo.

Thank you, Lynn Victorty
