Message: Stop all this building. Listen to the people who are here NOW, quit doing the bidding of developers. We're becoming over crowded, no water, no power (constant rolling blackout threats in the summer) too much traffic. People have just as much a RIGHT to live in single family homes in single family neighborhoods. If the pandemic taught us anything, it's that people wanted more SPACE. Stop foreign and corporate investors from buying all the houses, then we'd have so much more stock for people to actually purchase homes. And, despite all the claims, all these new apartments that have been built up and down the peninsula have NOT made rent go down. So tired of all of you horrible politicians.
