Subject: General Plan

Hi Julia

Hope you are well, we have spoken in the past about this

I was very involved in the General Plan before Covid hit us. Since then I have not been able to spend much time following the progress but I'm sure you all have been very busy. My request was to look at changing the zoning on my property at 1804 and 1806 Leslie St. The property is directly across the Street from the Hayward Park Train Station. Right now the zoning is commercial. Myself and the four other property owners on this short street think it would better serve the area and community as residential. Not only is it right next to the Train Station but the five lots that make up our short block are surrounded by mixed use and residential zoning. We are sure that this street has potential and believe warrants a closer look from the General Plan Committee.

Please let me know what you think or if you have any questions

Thank You

Louie Carignan
