Subject: 25th Ave Area-Proposed General Plan Land Use & Heights

Councilmember Loraine,

My husband and I are opposed to the construction of high density housing (4-7 stories) at the church parking lot on the corner of 25th & Hacienda.

I could go on and site all the usual objections to such a preposterous scheme but I'm it appears you've heard them all before and have chosen to ignore them. You may have put the machinery in place for this assault on our neighborhood but we will be heard.

Let us simply say that it's **WRONG**. We know it. Our neighbors know it. The City knows it but most importantly, **YOU KNOW IT.**
