Subject: PROPOSED GENERAL PLAN USE AND HEIGHTS - 25th AVE AREA

To the San Mateo Cory Council:

What a poor job are you doing in failing to inform the neighbors about your plans.

We categorically oppose the plans being proposed on 25th Ave.

This is in contravention of various laws and ordinances and is NOT taking into account the neighbors in the area either.

We have seen a huge rise in crime (my catalytic converter has been stolen) and rather than be thinking about this you should be increasing ensuring our neighborhood's safety is observed.

We should be focusing on reinvesting in local business.

We demand our voices to be heard. This is an absolute abuse of power.
