**Subject:** 25th Avenue development

Greetings City Council Member Loraine-

I am contacting you as I have just learned of plans in the works to develop areas of W 25th Ave, of which I am a resident, and you are my Council Representative. I am upset by the fact that I have received no outreach/communication from *any* member of SM City Council, no information has been forthcoming, and absolutely no direct input has been sought from neighbors who would be impacted by such development. Am I missing something? Can you address these concerns by sharing any relevant information as it pertains to this unbelievably ridiculous plan, particularly for the area at Hacienda and 25th Ave.

As a longtime resident of San Mateo (40+ years) I am growing weary of the negative impact on the daily of all the development that is negatively impacting the quality of life in what used to be a very friendly city. I am not a NIMBY, and I welcome progress.....albeit there *has* to be some consideration given to the residents who already live here? Doesn't there?

Most Sincerely-  
Susan Wright
