Subject: Proposed development on 25th Ave.

Hello city council,

I am a resident of the blossom Heath 25th Ave. area, I am very concerned about the new proposal to add high-rise buildings at the church parking lot and down the 25 th Ave shopping area.

Where was the public outreach? The lack of parking now is evident, cars are double parked, doing illegal U-turn's. There are already back ups on El Camino Ave. and Hacienda. My driveway is continuously being used to turn around to find parking. Where are these new apartment dwellers going to park? I did not see that in the plans.

Our community was clear with the passing of measure Y we do not want high-rises in our single family neighborhoods!!

I am very concerned about the impact of the lack of sunlight, especially in the winter and the lack of privacy Thank You Barbara Bartels 25th Avenue resident
