**Subject:** Against re-opening building heights

Dear City of San Mateo

I am a home owner in San Mateo. I am against re-opening matters already decided by Council earlier in the month in regard to building heights to study - since Council already voted against the highest heights option.

I am concerned that Mayor Lee states the previous meeting Minutes were 'confusing' - this seems manipulative and false - and has used this excuse to reopen what's already been decided by Voters via Measure Y and Council.

I am against a building higher than two stories at Hacienda and 25th.

Please hear my voice.

Regards -

Rochel M. Cook
