Your plan does not address an ongoing problem we have now and that is the parking situation in North Shoreview Neighborhood! It is a parking lot catastrophe! Homeless sleep in cars as well as the garbage to add to this problem. Now with the additions for ADUs I can't even park on my block after 20+ years. My neighbor added an ADU and the have six cars that now park in the street and garage cans in front of my home! You guys need to wake up it's not about the money but quality of life. I am so disappointed with San Mateo government. We have commuters and overnight parking to the airport because it is cheaper to Uber and park cars in our neighborhood than park at the airport! This has been happening for several year now! We need permit parking and because of all of the renters homeowners will never get the required signatures! I really hate my neighborhood because of this parking lot full of garbage! Don't worry about us tax payers!
