Subject: Historic preservation of Baywood neighborhood in San Mateo

Dear Council Members,

With this note I would like to add a strong voice for the historic preservation of our beautiful Baywood neighborhood. It is a primary reason I own a home here. While the world changes rapidly the preservation of our vanishing historic areas becomes doubly important. It would be a terrible waste to degrade the beauty of this treasure with mixed housing or construction that does not blend with the striking architectural character here.

Cordially,
Helene Wickett
