**Subject:** Historic Resources in San Mateo

Dear Mayor Lee, Deputy Mayor Diaz-Nash, and City Council Members,

I am writing to express support for continuation of the historic preservation language in the General Plan. There needs to be some protection from indiscriminate demolition of historic structures in our downtown and neighborhoods. Thought and deliberation should be required during development and redevelopment - especially when demolition is involved.

Historic preservation is a value that we all should be striving for.

Thanks for your consideration,  
Martha Park
