Subject: Historic preservation

Hello,

We support Historic Preservation in San Mateo. We do not want the neighborhoods to look like the once beautiful and Historic El Camino Real that is so decimated on the portion running through San Mateo like it does now. Slum like shops, no zoning. It is an embarrassment. All the people who actually stand up and say I have lived here for 40 years as actually a badge of honor should be ashamed. Where were they when the apartment prisons on 5th Avenue, 4th Avenue and 3rd. Avenue Monstrous huge eyesores were being built? This place needs Standards it does not now have. Also Parks real Parks and not playgrounds.
