Email: [REDACTED]

Message: I got the mailer for San Mateo Housing, I was born and raised in San Francisco and moved to the Peninsula during the pandemic due to job opportunity near by and love living here. We are considered lower income compared to the overall neighborhood and sometimes we feel it when we look for possibility for moving from an apartment to buying a house. I do hope that San Mateo can foster more of a community around downtown San Mateo and utilize Central Park more for community centered events. Although regulations and permitting may need to change to make a higher density, community centered living space available to all income levels and I hope to see it happen in my life time. I spend some of my free time just watching urban planning videos and love the ideas that come out of them, although I understand that a lot of it is stopped by red tape.
